

TimeTec AIPHONE IP Intercom

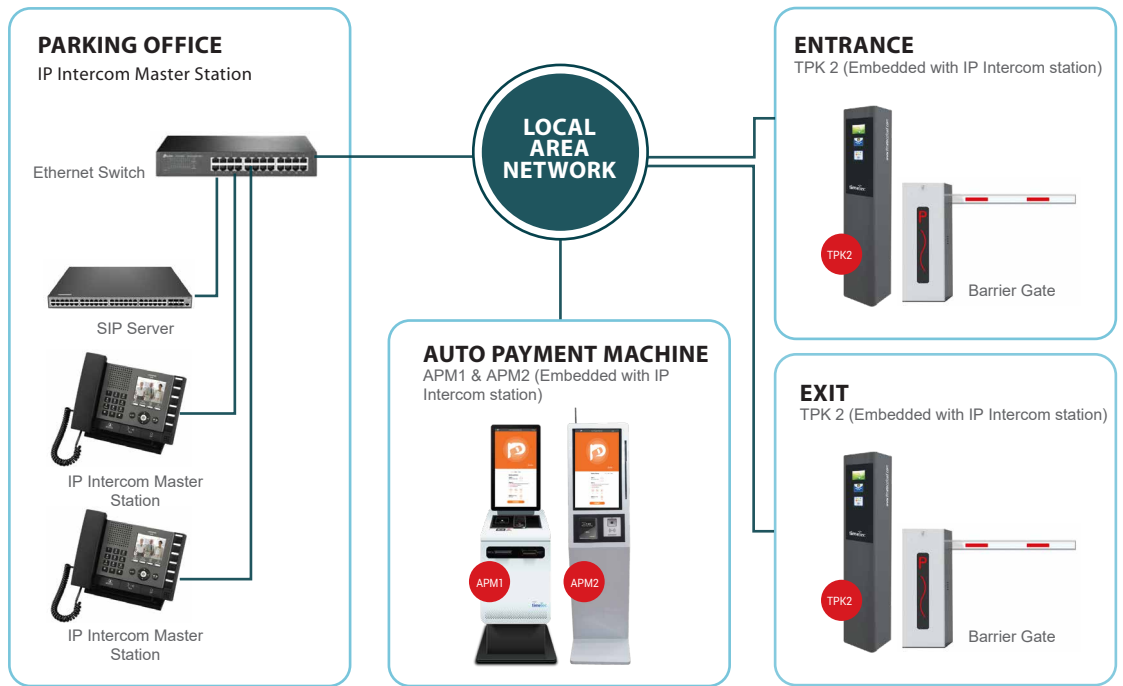

IX-MV Video Master Station

IP Intercom Master Station

The TimeTec AIPHONE IX-MV is an IP addressable video master station with a 3.5" color LCD monitor. It can be wall or desk mounted (desk stand included). The IX-MV offers handset (duplex) and hands-free (VOX/PTT) communication and can page up to 5 zones simultaneously. The IX-MV is equipped with brightness adjustment, giving the user control for camera lighting to better see the visitor requesting entry. Six programmable speed buttons provide quick and easy access to frequently called stations or groups. The IX-MV connects directly to a network using CAT-5e/6 cable and can communicate with any other IX Series station on its network. The station utilizes 802.3af compliant PoE. The TimeTec AIPHONE IX-MV is perfectly paired with TimeTec AIPHONE IX-BA IP addressable video parking intercom station for two-way communication.

SYSTEM DIAGRAM
