CORPORATE PROFILE

TimeTec Smart Parking
Digital Gateway to Smart Building Ecosystem

ABOUT US
Thrive with Commitment

TimeTec Parking Sdn Bhd, established in 2020 as a subsidiary of TimeTec Group, with the objective to commercializes the in-house developed TimeTec Cloud Parking Management System. This system aligns with the Group's commitment to digital transformation and offers a full suite of smart parking solutions for various needs.

TimeTec Parking's systems caters to casual, seasonal, valet, enforcement, and event parking. It seamlessly integrates with our parking apps, empowering users, parking operators, and building owners with a streamlined management system.

TimeTec Parking champions innovation by integrating License Plate Recognition (LPR) technology with eWallet payments through our trademarked eWallet Direct platform, creating a superb parking experience.

VISION & MISSION
Nurturing the Parking Future

VISION

TimeTec Parking envisions itself as a driving force for transformative innovation in the parking industry. We aim to seamlessly connect parking experiences with smart city infrastructure, establishing ourselves at the forefront of touchless and cashless smart parking solutions, ultimately enhancing urban living.

MISSION

TimeTec Parking is on a mission to revolutionize the way parking connects with pre- and post-parking activities. We strive to drive efficiency, boost productivity, and elevate the overall quality of life. By delivering cutting-edge smart parking systems, we empower individuals and businesses to flourish in the digital age, contributing to the development of smart cities around the globe.
