Easy and Effective System to
Combat Covid-19

WELCOME VISITORS SAFELY
 Subscribe to TimeTec VMS
 A Cost-Effective Cloud Visitor Management System with
 Health Screening Feature

Walk-In Visitors

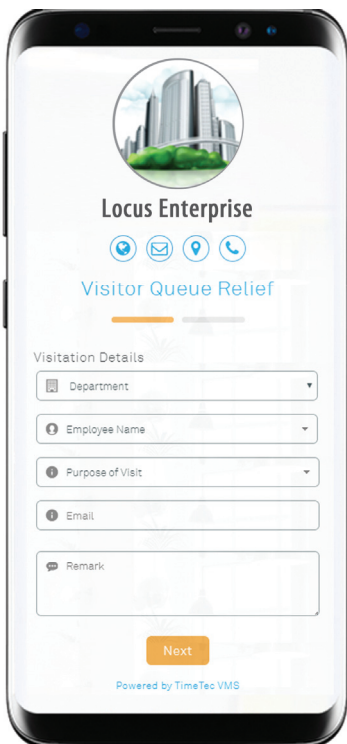

01. Receptionist takes body temperature of Visitor

02. Visitor scans QR code and fill up information including the person he/she wants to meet

03. Records and Reports are saved in the server. Retrievable when required.

Benefits

- **Contactless self-input System:** The visitor scan the QR code, self declare their information through their own device
- **Traceability:** Companies will have all the information about their visitors including the time they came and who they met, in case of positive Covid-19
- **Accountability:** Companies exercising the SOP required by the government and have proof of records and reports.

BONUS
 10% Discount Code
 COVID-19 Screening Test for
 staff of TimeTec customers.

Note: BP Lab uses TimeTec TA for more than two years.
