

SMART INFRARED CONTROLLER

YOUR AIR CONDITIONER WILL NEVER BE SMARTER

i-TimeTec is introducing intelligence into home air-conditioning (AC) systems to maximize their performance. You can now control your home air-conditioner even if you are not at home, just by adding i-TimeTec Smart IR Blaster and Smart Gateway in your home.

The internet connected Smart AC Control replaces your existing remote control to give your AC smart features. You can access your AC from anywhere at any time as long as your smartphone is connected to internet.

i-TimeTec Smart AC Control turns on the heat before you wake up in the winter. It cools your house down before you arrive in the summer. At home or on the go, it always makes sure the temperature is just right for you.

360-degree control

Work with TimeTec Smart Scene

High sensitivity and accuracy

Zigbee self-organizing network

Control remotely via i-TimeTec App

SPECIFICATIONS

MODEL	TT-W431A-NL
DIMENSION	Φ 81 x 73 mm
WORKING POWER	AC180V ~ 250V 50Hz
STANDBY CURRENT	≤ 15mA
WORKING CURRENT	≤ 50mA
WORKING TEMPERATURE	-10°C ~ 50°C
WORKING HUMIDITY	≤90% RH
COMMUNICATION	ZigBee
COMMUNICATION FREQUENCY	2.4 GHz
COMMUNICATION DISTANCE	≤ 50m (open area)
APPLIANCES TO CONTROL	4
