

INDOOR SIREN

SET OFF ALARM TO ALERT EVERYONE

i-TimeTec Smart Indoor Siren team up with the smart indoor camera and window/door magnetic sensors to keep your home/office safe.

In case intrusion occurs, the Siren immediately triggers a powerful 70 dB alarm to scare away the burglar.

No false alarms caused by a family member, a pet or a harmless movement.

80db Siren

No Installation
needed

Work with PIR and
magnet sensors

Trigger camera to
record immediately

Light and
sound alert

SPECIFICATIONS

MODEL	TT-W033C-NL
SIZE	90mm (diameter) x 65mm
ALERT METHOD	Sound and light
STROBE LIGHT FREQUENCY	about 0.5s/time
SOUND INTENSITY	Within 3m \geq 70db
WORKING FREQUENCY	2.4Ghz
ALARM CURRENT	\geq 640mA
COMMUNICATION COVERAGE	100m (without barrier)
POWER SUPPLY METHOD	AC 180V - 250V 50 Hz
WIRELESS COMMUNICATION PROTOCOL	Zigbee
WORKING ENVIRONMENT	Temperature 10-50 °C / Humidity 5-95%
